A guest lecture on “Topological sorting” was delivered by Mr Murali Krishna which was conducted on 20-8-16.

A guest lecture "Partial recursive functions and Turing machines" was delivered by Mr G. Praveen Kumar which was conducted for third year students on 20-12-16.

A guest lecture on “Partial recursive functions and Turing machines” was delivered by Mr T.Bhaskar Asst.Prof Prof which was conducted on 21-12-17.

A guest lecture on “Overview of Cloud Security” was delivered by Mr T.Sujanavan Asso.Prof which was conducted on 15-10-17.

A guest lecture on “Time Complexity Analysis” was delivered by Mr G. Praveen Kumar Asso.Prof which was conducted on 8-8-2018.

A guest lecture on “Overview of Cloud Security” was delivered by Mr N.Vikram Asso.Prof which was conducted on 11-10-2018.

A workshop on “System Performance Tuning in DMA” was conducted by Dr.P.Srinivas Professor on 14-7-16.

A workshop on “Fundamentals of VMware” was conducted for two days in July (5-7-17 To 7-7-17) by Mr. D.Raman Kumar Professor.

A workshop on “Overview of Cloud Security” was conducted by Mrs G.MANASA Asst.Prof on 1-3-17

A workshop on “Time Complexity Analysis” was conducted for two days in July (5-7-17 To 7-7-17) by Mr G.Sambaiah Asso.Prof .

A Two Day Work Shop On “AI And ML” was conducted by Dr. D. Kiran Kumar on 5-07-2017 To 06-07-2017.

A workshop on “Python for Beginners” was conducted by Dr. R. Kavitha on 27-12-2017 To 28-12-2017

A workshop on “ANDROID Application Development” was conducted by R.Kavitha on 13-03-2018 To 14-03-2018.

A workshop on “Game Development Using 3D/C#” was conducted for two days in Aug 8-8-2018 to 9-08-2018 by Mr.Vamshi.

A two day workshop on “SUSHI Linux” was conducted on 26th and 27th of October 2018 and the resource person was Mr.Vikram Narayandas and Srujanavann. Sushi is the package of softwares which is helpful for B.Tech students. The students need not install the softwares which are required to carry with their practicals. Directly they can use this SUSHI.

A seminar on “Basics of Linux Programming” was delivered by Mr P.Raghu which was conducted for 2nd year students on 11th Feb 2019.

A seminar was conducted on “Intruders, Firewalls and virus” for third year students on 04-04-2019 delivered by Dr.S.Krishna Mohan Rao

A guest lecture on “Finite Automata with output – Mealy Machine , Moore Machine “ was delivered by Mrs K.Swathi on 20-2-2019

A guest lecture on “Partial recursive functions and Turing machines” delivered by Mrs R,Pratima
On 16-03-2019
